PALIO TRIP

Ten horses and riders, bareback and dressed in the appropriate colours, represent 10 of the 17 contrade (districts within an Italian city).

The most well-known contrade are the 17 contrade of Siena whose representatives race on horseback in the Palio di Siena, twice each year, on 2nd Jul and 16th Aug. Siena's Palio is as much about pageantry, civic identity and Siennese pride as it is about a bareback horse race that lasts, on average, just 75 seconds.

Following the tradition, the winner takes home a silk painted prize, and silver coins reproducing the antique coins of Siena's Republic.

A few apartments overlook Piazza del campo where the race is run as seen in the attached picture. On the day of the Palio you would sit in comfort including refreshments and bathrooms, Siena's version of the "medieval skybox". The trip also includes a wonderful 7 hour day trip including cheese and wine tasting and a delicious lunch.
