FJORDS OF CHILE

14 DAYS EXPEDITION CRUISE

DEPARTURE: March 28, 2022

The Chilean Fjords, with mazes of inland passages, calving glaciers and stunning wildlife, count as one of nature's greatest wonders. There is no greater way to experience this spectacle than from an expedition cruise. We invite you to enjoy this adventure in luxurious comfort onboard Albatros Expeditions' new vessel, Ocean Victory.

Embarking in Argentinian Ushuaia, we immediately enter Chilean water and head for Cape Horn, the southernmost headland of the Tierra del Fuego archipelago, followed by the passage of "Glacier Alley", a most fascinating part of the Beagle Channel, where countless glaciers carve their way from Darwin Icefield down to the sea.

We continue deep inland and visit some of the most remote and stunningly located fishing settlements in Chile. Roadless Puerto Edén in Canal Messier, and beautiful Caleta Tortel, with houses and walkways built on thousands of stilts. From Puerto Natales we will take a coach trip to sky soaring Torres del Paine, and on the green island of Chiloé we will visit one of Chile's oldest towns, Castro, famous for its huge wooden cathedral, Church of San Francisco.

Putting the fjord labyrinths behind us, our adventure continues toward the Pacific as we cruise north to disembark in Valparaíso.
